Growing attacks against colleges and universities has made student, faculty and staff safety an urgent priority for administrators.

Reduce dangerous vulnerabilities by fortifying your campus with physical access control structures that protect against unauthorized people, vehicles, explosives and other threats.

From simple steel doors to advanced pop-up barriers plus other reinforcements, Johnson Controls has the specialized solutions to fit a wide range of campuses, helping you safeguard people – and your peace of mind.

**Physical Access Control for Higher Education**

Protect your campus against intruders and predators

**Extensive solutions, designed to fit many diverse needs:**

- K-Rated fences and gates
- Pop-up vehicle barriers to prevent entry/exit
- Sally ports and mantraps
- Traffic barricades

**Johnson Controls has extensive experience protecting campuses of all sizes:**
